

## MMCX 系列射频同轴连接器 SERIES MMCX RF. COAXAL CONNECTORS

MMCX 型射频同轴连接器是一种推入自 锁式连接器,尺寸比 MCX 连接器小 30%,阻 抗特性 50 Ω。它体积小、重量轻、连接方 便可靠,可广泛用于 PCB 面板安装、表面 安装以及对系统体积、重量都有要求的小 型移动通讯、网络设备中。 MMCX type RF coaxial connector is a push-in self-locking connector, 30% smaller than MCX connector size, impedance characteristic  $50 \Omega$ . It is small in size, light in weight, convenient and reliable in connection, and can be widely used in PCB panel installation, surface installation and small mobile communication and network equipment which have requirements on system volume and weight.

## MCX 系列射频同轴连接器 SERIES MCX RF. COAXAL CONNECTORS

MCX型产品是一种小型推入自锁式射频 同轴连接器,阻抗特性为50Ω。它具有体积 小、重量轻、性能优越、可靠性高的特点, 广泛应用于对安装体积有特殊要求的领域。 The MCX product is a small push-in self-locking RF coaxial connector with an impedance characteristic of 50  $\Omega$ . It has the characteristics of small volume, light weight, superior performance and high reliability and is widely used in the field with special requirements for installation volume.
